

## Schedule at-a-glance

### Wednesday, December 14th

- 8:00am** Exhibits and Scientific Posters Open
- 8:30am** Opening Session: Minister Ernst Kuipers; T. Miclau (IOTA Chair); K. Ponsen (Chair: IOTA/NVT Mtg)
- 9:00am** Symposium: Global Perspectives for Orthopaedic Trauma Surgery  
Abstract Session: Fracture Related Infections  
Abstract Session: Prediction Modeling in Fracture Care  
Concurrent Symposium: Future for ATLS from a Dutch Perspective  
Concurrent Symposium: Management of a Typical Femoral Fracture (AFF) (Korean Fracture Society)
- 10:00am** Break
- 10:15am** Symposium: Fracture Related Infections: What are the Future Directions?  
Abstract Session: The Frail Trauma Patient  
Concurrent Symposium: Chest Trauma  
Concurrent Symposium: Bone Defects: Bone Transport or Masquelet Technique? (AO NL)  
Concurrent Symposium: Around the Elbow
- 11:45am** Lunch  
Concurrent Poster Session  
Concurrent Business Meeting: IOTA Steering Committee
- 12:45pm** Presidential Address: Ted Miclau / Inauguration of the IOTA Fellows  
Symposium: Military, Disaster and Terrorism: Lessons Learned  
Abstract Session: The Role of 3D and Robotics in Orthopedic Trauma Care  
Abstract Session: Artificial Intelligence and Science  
Abstract Session: Burns, Fix and Flap, Wounds Treatment
- 2:15pm** Break
- 2:30pm** Symposium: Trauma Systems  
Abstract Session: Infection, Global Perspectives for Trauma Surgery  
Abstract Session: Global Perspectives for Trauma Surgery  
Concurrent Symposium: Polytrauma (ESTES)  
Concurrent Symposium: Management of Femoral Trochanteric Fractures for Elderly in Japan (JSFR)
- 3:30pm** Break
- 4:00pm** Symposium: Artificial Intelligence  
Concurrent Symposium: The Best Trials from the Covid Era (Orthopaedics Trauma Society UK)  
Abstract Session: The Frail Trauma Patient and The Hip Fracture Epidemic  
Concurrent Symposium: Mangled Extremities: From Bone to Flap (Organized by Greece)  
Concurrent Symposium: Trauma Care (Organized by DGU)
- 5:00pm** Symposium: Polytrauma as a Disease  
Abstract Session: The Trauma Patient with Extremity Fracture  
Frail and Hip Symposium: How We Do It (FEMECOT)
- 6:45pm** Welcome Reception in the Rai followed by Canal Boat Tour to the center of Amsterdam

## Thursday, December 15th

- 8:00am** Exhibits and Scientific Posters Open  
Opening Remarks by Mike Hogervorst and Dirk-Jan Hofstee  
Symposium: Minimal Invasive Orthopedics  
Concurrent Symposium: Trauma Research: Towards a Joint Global Effort  
Abstract Session: Polytrauma Management: Multidisciplinary / Team Approach  
Concurrent Symposium: LVO Dutch OR Nurses Society  
Abstract Session: Infection, Wound Treatment
- 9:00am** Break
- 9:15am** Symposium: Polytrauma Management; The Multidisciplinary Approach  
Concurrent Symposium: The Frail Trauma Patient  
Abstract Session: Minimal Invasive Trauma Orthopedics  
Concurrent Symposium: LVO Dutch OR Nurses Society  
Concurrent Symposium: Motorcycle Accident in LATAM (AATO, BSOT, SCCOT, FEMECOT)
- 10:15am** Break
- 10:45am** Symposium: Damage Control: Roles and Responsibilities  
Concurrent Symposium: Pediatric Trauma  
Abstract Session: Technical Tricks and Innovation  
Concurrent Symposium: LVO Dutch OR Nurses Society  
Abstract Session: Technical Tricks and Innovation
- 12:15pm** Lunch  
Lunch Workshop Sponsor
- 1:15pm** Symposium: Smart Implants, Smart Surgery!  
Poster Session  
Abstract Session: Prediction Modeling in Fracture Care  
Concurrent Symposium: Surgical Critical Care and Burns  
Abstract Session: Stop the Bleeding: New Perspectives in Traumatic Hemorrhage Control  
Concurrent Symposium: Decision Making in Pelvic and Lower Limb Fragility Fractures (BOTA)
- 2:45pm** Break
- 3:00pm** Symposium: Evidence Based Trauma Care Research  
Concurrent Symposium: Compartment Syndrome Revisited (OTA)  
Abstract Session: Prediction Modeling in Fracture Care  
Abstract Session: Global Perspectives for Trauma Surgery  
Abstract Session: The Frail Trauma Patient
- 4:00pm** Break
- 4:30pm** Symposium: 3D Trauma Related Surgery  
Abstract Session: The Frail Trauma Patient  
Abstract Session: Pelvic Injury  
Abstract Session: Minimal Invasive Trauma Orthopedics  
Abstract Session: Mangled Extremities: Different Approaches in Different Trauma Systems
- 6:00pm** Congress Party and Dinner

## Friday, December 16th

- 8:00am** Exhibits and Scientific Posters Open  
Symposium: Around the Shoulder (NVT)  
Abstract Session: The Hip Fracture Epidemic: Global Worries, Standards of Care, Prevention, Fast Track Solutions, Reg. Systems  
Abstract Session: Trauma Research: Towards a Joint Global Effort  
Abstract Session: The Hip Fracture Epidemic: Global Worries, Standards of Care, Prevention, Fast Track Solutions, Reg. Systems  
Abstract Session: Trauma in Sports - Sports in Trauma
- 9:00am** Break

**9:15am** Symposium: New Perspectives in Hemorrhage Control  
Abstract Session: Trauma in Sports - Sports in Trauma, Mental Health  
Abstract Session: The Role of 3D and Robotics in Orthopedic Trauma Care  
Abstract Session: Trauma Research: Towards a Joint Global Effort  
Abstract Session: Trauma Care During the Pandemic

**10:15am** Break

**10:45am** Symposium: Where Military and Civilian Trauma Care Meet: Rehabilitation at the Highest Level  
Poster Session: Technical Tricks and Innovation  
Abstract Session: Minimal Invasive Trauma Orthopedics  
Abstract Session: Trauma Research: Towards a Joint Global Effort: Pelvis and Tibia  
Abstract Session: Pelvic Injury  
Abstract Session: Prediction Modeling in Fracture Care

**11:45am** Lunch  
NVT Business Meeting  
NVOT Business Meeting

**12:45pm** Symposium: Vascular Injuries, the Bleeding Patient  
Poster Session: Trauma Research: Towards a Joint Global Effort  
Poster Session: Technical Tricks and Innovation

**1:45pm** Break

**2:15pm** Symposium: The Hip Fracture Epidemic  
Abstract Session: Minimal Invasive Trauma Orthopedics  
Concurrent Symposium: LVO Dutch OR Nurses Society

**3:45pm** Closing Session and Informal Farewell Drinks
